Welcome to Farmix-India

"Sustainable Farming, Better Tomorrow"

At Farmix India, we are committed to revolutionizing agriculture with organic and eco-friendly solutions. We bring together nature, science, and innovation to build a healthier and more sustainable future for farmers, livestock, and the environment.

About Us

Innovators Agro Industries LLP is a leading manufacturer of organic farming solutions under the brand name ***Farmix-India.***

- With several years of experience in the organic farming industry
- 100% Organic & Eco-friendly Products
- Serving Farmers Across India

Our mission is to promote sustainable farming practices that enhance soil health, crop yield, and livestock productivity.

Our Vision, Mission & Goal

Vision: To lead the organic revolution and make agriculture sustainable, profitable, and environment-friendly.

Mission: To provide reliable organic solutions that empower farmers, enrich soil health, and increase productivity.

Goal: To promote eco-friendly agriculture while ensuring better livelihoods for farmers.

Modern Agriculture: Problems We Solve

- Declining Soil Fertility
- Increasing Pest Resistance
- Overuse of Chemical Fertilizers
- Environmental Degradation

Farmix India provides Organic Alternatives that Restore Soil Health, Improve Crop Yields, and Ensure Sustainable Farming.

Farmix India's 4 Pillars of Growth

- NutriMax: Cattle Feed Supplement
- SoilRich: Organic Soil Conditioner
- Plantis: Organic Growth Promoter
- Green Amrit: Organic Pesticide & Fungicide

Each product is scientifically formulated and tested for long-term benefits.

NutriMax – Complete Nutrition for Livestock

- Provides Essential Nutrients for Optimal Growth
- Boosts Milk Yield & Quality
- Enhances Digestion & Immunity
- Supports Long-Term Health & Productivity

Scientifically Formulated for Livestock Wellbeing

Ingredients:

Mass fraction of moisture	97.33%
Organic matter	93.00%
Acidity Ph	07.32%
The contain of free humic acid in dry matter	07.00%
The contain of humic acid in dry substance	24.00%

SoilRich – Nourish the Soil, Nurture the Future

- Boosts Soil Fertility & Health
- Improves Water Retention Capacity
- Increases Microbial Activity for Better Nutrient Absorption
- Eco-Friendly & Safe for Long-Term Use

Recommended for Sustainable Agriculture

Ingredients:

Mass fraction of moisture	97.33%
Organic matter	88.31%
Acidity Ph	07.32%
The contain of free humic acid in dry matter	07.00%
The contain of humic acid in dry substance	24.00%

Plantis – Strong Roots, Healthier Crops

- Enhances Root Development & Nutrient Uptake
- Boosts Plant Immunity Against Stress & Disease
- Accelerates Growth & Increases Crop Yields
- 100% Organic | Safe & Sustainable

Supports Chemical-Free Farming

Ingredients:

Mass fraction of moisture:	97.33%
Mass fraction of total organic seaweed:	95.00%
Mass fraction of total organic active (including Carbon from coco peat):	05.00%

Green Amrit – Triple Action Protection

- Acts as Pesticide, Fungicide & Miticide
- Strengthens Plant Immunity
- Safe for Beneficial Insects
- Improves Soil Health for Long-Term Productivity

Non-Toxic | Eco-Friendly | Effective

Ingredients:

Mass fraction of moisture:	68.00%
Mass fraction of total organic NIM ARC:	22.90%
Mass fraction of total organic Bhimseni camphor:	04.55%
Mass fraction of total organic NIM TEL:	02.275%
Mass fraction of total organic Karanja Oil:	02.275%

Why Farmers Trust Us

Our quality management and ethical practices have earned us:

ISO 9001:2015

(Quality Management)

ISO 14001:2015

(Environmental Management)

ISO 45001:2018

(Occupational Health & Safety)

GMP Certification

(Good Manufacturing Practices)

G-2 Certification

from Government of Maharashtra

Lab Test Reports from Ashwamedh Engineers & Consultants, Bombay Veterinary College, and RCA Laboratories.

Certified Quality You Can Rely On

- **Ashwamedh Engineers & Consultants**
- **Bombay Veterinary College**
- **RCA Laboratories**
- **Government Fertilizer Control Labs (Nashik & Pune)**

Verified for Organic Content, Nutrient Quality, & Safety Standards

Building a Sustainable Future

- **Reducing Dependency on Chemicals**
- **Improving Farmer Incomes**
- **Protecting Soil, Water & Biodiversity**
- **Contributing to Rural Development & Food Security**

Farmix India: Farming with a Purpose

Empowering Farmers Across World

- **5000+ Happy Farmers**
- **Increased Crop Yields up to 30%**
- **Improved Soil Health & Livestock Productivity**

Real Impact | Real Success
